Flexible business insurance, tailored to meet your needs

NFU Mutual
BUSINESS INSURANCE

WELCOME TO COMMERCIAL SELECT INSURANCE FROM NFU MUTUAL

You should read your policy documents carefully, to make sure the policy meets your needs and that you understand any limitations.

This document provides a summary of our business insurance's main features including key exclusions and obligations. It's not personalised to your individual needs in any way and does not form part of your contract with us.

To help you make the right decision for your business, we've highlighted what we think is important. However, your cover will depend on your circumstances and choices. Full details of your chosen cover will be provided in your policy documentation.

We recommend you keep this brochure with your policy documents for future reference.

Businesses face various risks - from storm damage, flood and fire, to loss of income due to business interruption, and liability for injury to customers or employees. There are also risks specific to your business or sector - risks your local NFU Mutual Agent will help you identify and manage.

With our Commercial Select policy, you can protect yourself, your employees, and your business assets. It's flexible too, so you can choose cover that meets your business needs now and in the future.

You should regularly assess how much insurance you need, to take account of acquisitions or alterations. For example, changes to machinery and equipment or stock levels. If you're not sure, ask your local Agent.
